

Mark Read-Smith, Certified Rolfer™ Office Policies

Thank you for selecting Rolwing® Structural Integration as a part of your healthcare plan.

My office is a cash-based office. This means that payment is expected for all services performed. I do offer several payment options for the program of care you are about to receive in my office. As an alternative to collecting fees at each visit, I have developed these options to streamline your payments and to remove any financial obstacles. My intent is to make it both convenient and less costly for you to receive the care that you need.

1. Clients pay in full at each office visit for the services rendered that visit.
2. Clients may pay in advance for multiple sessions at a discounted rate of \$10 off the standard rate of \$100 per session.
3. Client and practitioner may negotiate a different rate for sessions that are either shorter or longer than the standard 75 minute session.

Client and Practitioner Agreement

By signing this form, I understand that:

1. Payment is required at the time of service.
2. Payments made in advance are non-refundable unless due to an emergency or events beyond the clients control.
3. A 24 hour notice for appointment cancellation is required. Mark Read-Smith, Certified Rolfer™, will charge me a \$60 missed appointment fee if I fail to give the required notice for missing an appointment.

The above policies, options and all costs associated with my care in this office have been thoroughly explained to me. I wish to participate in this plan of payment for the professional services that I will receive.
